

# Bristol Chevron Service Station

STAFF PRESENTATION

Planning Commission - September 20, 2012

Planning Commission  
Public Hearing  
August 23, 2012

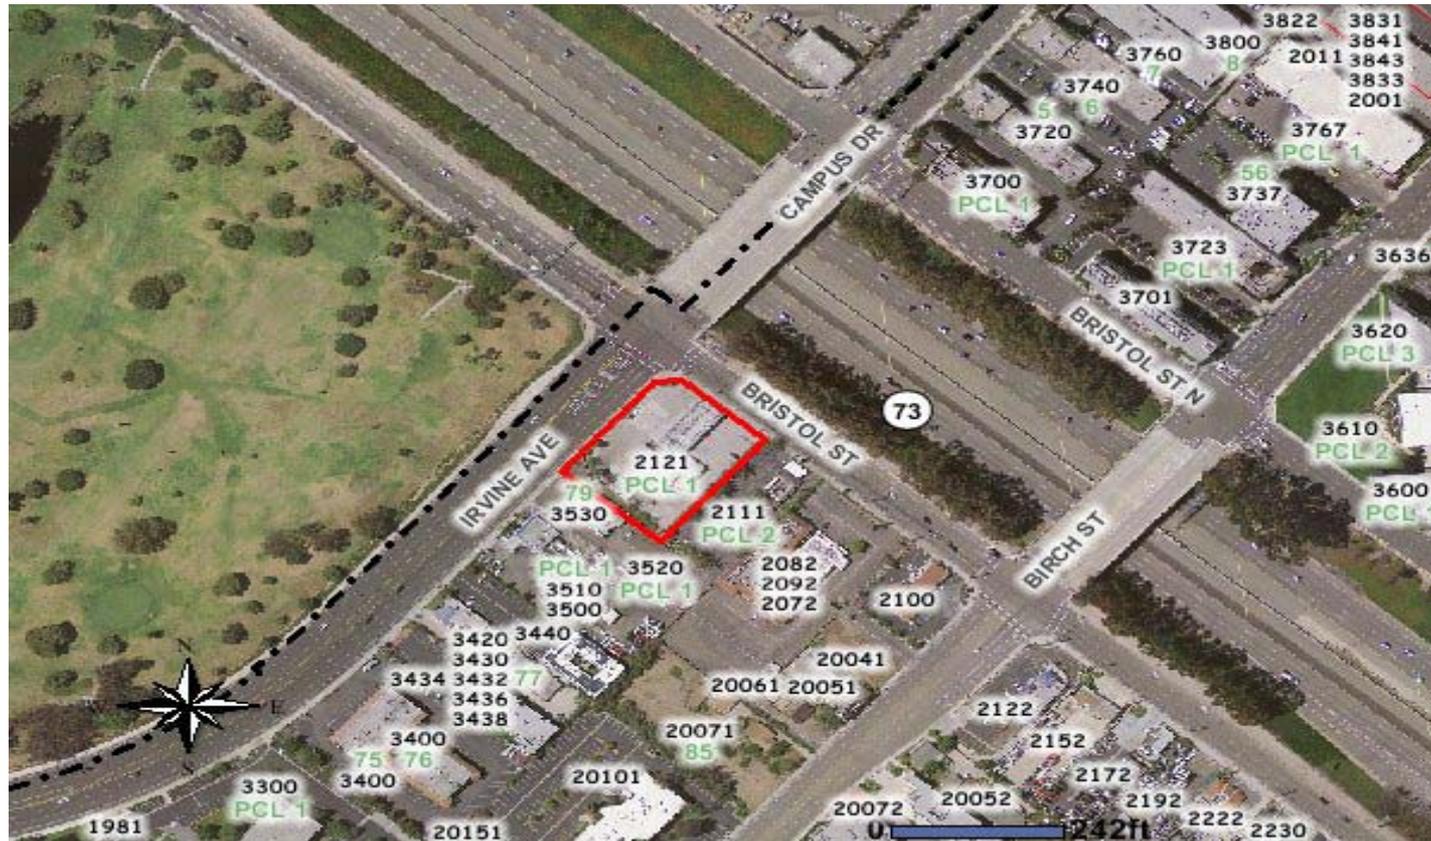

# Introduction

- Request for Use Permit No. 2012-012 to renovate existing Chevron Service Station

# Vicinity Map

# Background

- Existing 0.92 acre site, southeast corner of Bristol Street and Irvine Avenue
- Developed with a Chevron service station under Use Permit No. 3010 approved in 1982
- Amended in 1987 to add car wash

# Project Details

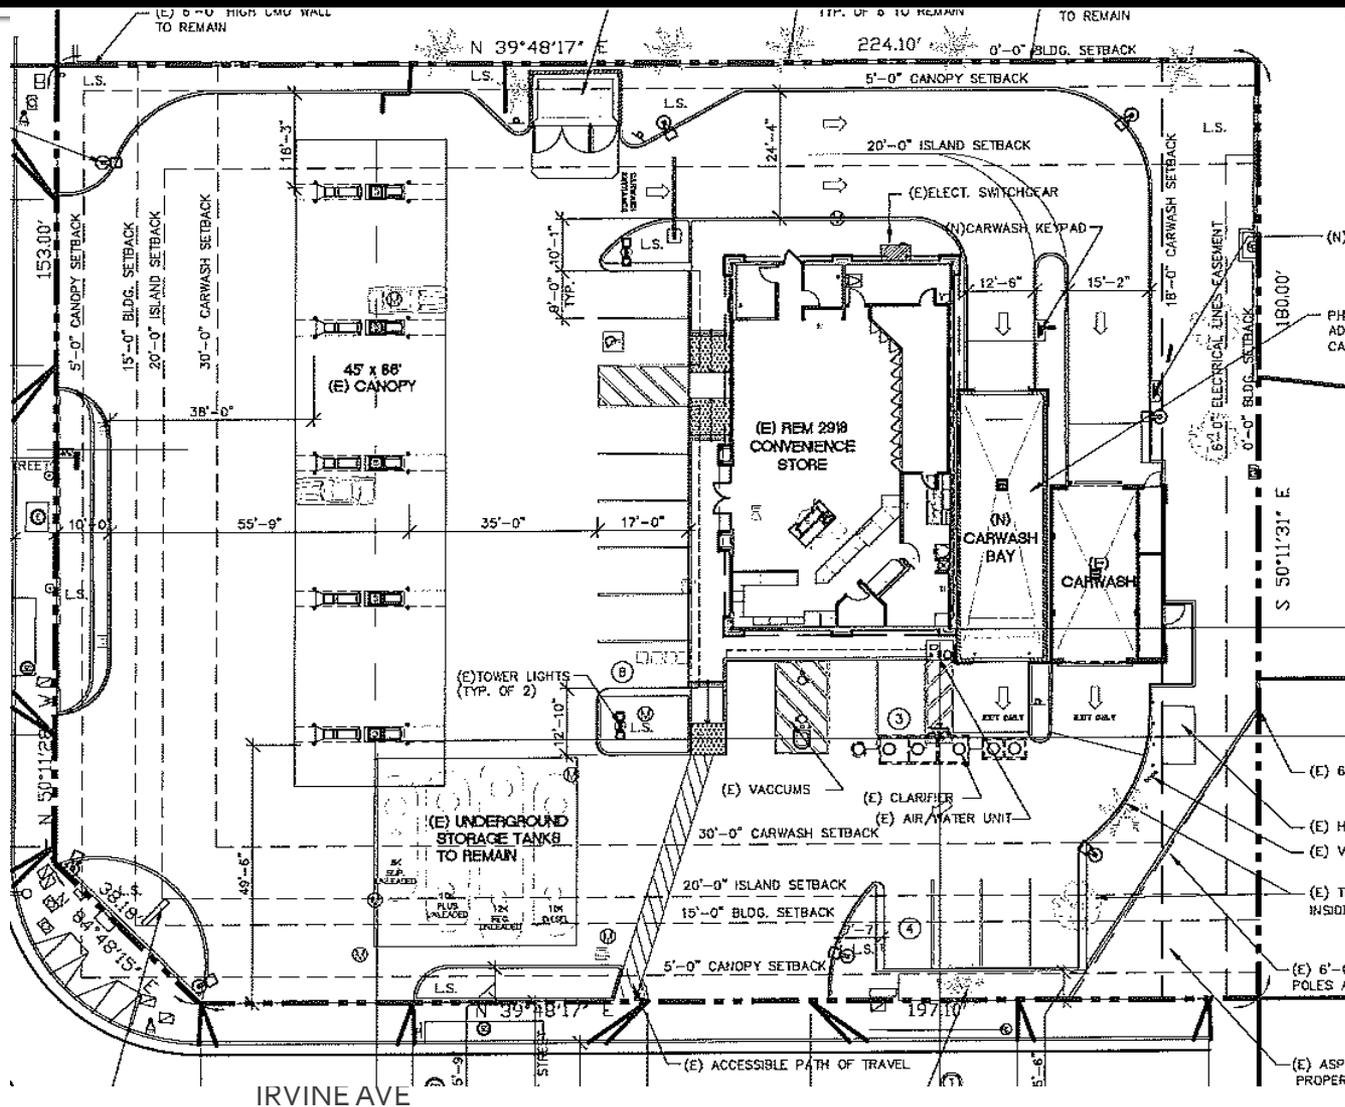

- New 2,945-square-foot convenience store, Type 20 ABC license
- Renovation of existing car wash and additional car wash bay including equipment room (1,628 sq. ft.)
- Replace canopy reduce number of dispensers
- New trash enclosure with recycling bins
- Expanded/new landscaping
- Complies with all service station guidelines and standards

# Site Photographs

# Site Plan

# Considerations

- Noise of Car Washes, Exterior Vacuums
  - Acoustical study results demonstrate well below Municipal Code noise standards
  
- Type 20 ABC License
  - All factors considered
  - PD provided report in support including standard conditions

# CEQA Review

- Cat. Exempt - Section 15332, Class 32 (In-Fill Development Projects)
- Meets all of the conditions required for this exemption which are provided with supporting facts in the draft resolution

# Additional Condition

- City Traffic Engineer and applicant analyzed driveway consolidation
- Determined all driveways needed
- Requires width of driveway along Irvine Ave. closest to intersection to be narrowed, replace with additional landscaping to enhance corner

# Recommendation

- Conduct a public hearing
- Adopt the Draft Resolution approving Use Permit No. 2012-012
